

memories of Alves Primary

My earliest memory was when I first came to Alves in Primary 6. Mrs Morison took me over to Ronan and told him to make me feel welcome. We just walked around the playground I thought this was weird but I realise now this is just normal.

One of the topics we did in P6 was about government. It wasn't one of my favourites! So here's P7. At the start of the year we started a project about the European Union. It was ok and I learned that hey how many countries are in Europe aah! Oh well it doesn't matter anyway!

Later on in the year we went to 'Choices for Life'. It was like a massive concert but it also taught us about drugs and it was absolutely brilliant!!! The McDonald Brothers were there and they sang 500 miles. Half way through it they said they were giving away £200 in tokens. They announced Alves as the winner and I was the only person who stood up and shouted yeeaah!!

We also went to Aviemore and it was great! I did so much! I went to Landmark, water sports and we also went swimming. I have had a great time at Alves and I will miss everyone.
